## **2.0 INTRODUCTION AND BACKGROUND**

### 2.01 INTRODUCTION

Procurement and Contract Services and the Office of the Provost are seeking Responsive Responsible Proposers to submit Proposals for a consultant/firm to work with the Provost/Executive Vice President and the executive leadership team to provide assistance with meeting facilitation, work retreat planning and facilitation, creation of implementation processes to bring various initiatives to fruition, performance evaluations for university executives, and to enable the Provost/leadership team to continue successful implementation of the Oregon State University Strategic Plan for the 21<sup>st</sup> Century.

## 2.02 BACKGROUND

**Oregon State Universities and Community:** Oregon State University began as Corvallis College in 1858, just prior to being awarded land grant status in the late 1860's. The second Morrill Act of 1890 and the Smith-Lever Act of 1914 further provided for the teaching, research, and extension programs at the institution. Today, OSU is one of only two universities in the United States with land, sea, space, and sun grant designations, and thus has been selected by the federal government to be a nexus of teaching and research that benefits the country and the world. OSU is a comprehensive public research university, and is one of only 63 public institutions nationwide with the designation of "Very High Research Activity" by the "Carnegie Doctoral/Research- Extensive University" by the Carnegie Foundation for the Advancement of Teaching. OSU Research funds from external sources totaled \$206,014,022 in FY07. At the same time, OSU has become even more instrumental to the well-being of Oregon itself, providing the accessible education and practical research that Oregon residents and businesses need to thrive in changing times.

Oregon State University is a comprehensive public research university and a member of the Oregon University System (OUS). With programs and faculty located in every Oregon County, a branch campus in Bend, a major marine science center in Newport, and a range of programs and facilities in Portland, OSU views the state as its campus, working in partnership with community colleges and other OUS institutions to provide access to educational programs. Approximately 16,200 undergraduate and 3,000 graduate students are enrolled at OSU, including 2,900 U.S. students of color and 930 international students.

The university has embarked upon a capital campaign to raise support for its goals, which align with the needs of Oregon, the region and the nation. To learn more about our campaign priorities and progress, visit <http://osufoundation.org/>.

The university has an institution-wide commitment to diversity, multiculturalism, and community. We actively engage in recruiting and retaining a diverse workforce and student body that include members of historically underrepresented groups. We strive to build and sustain a welcoming and supportive campus environment. OSU provides outstanding leadership opportunities for people interested in promoting and enhancing diversity, nurturing creativity, and building community.

**Office of the Provost:** The Provost and Executive Vice President reports directly to the President, serves as the chief academic officer and provides intellectual leadership to the entire university. The Provost is responsible for continuing the development and implementation of the OSU Strategic Plan and for helping to define and articulate a vision of OSU and its role in the State of Oregon, the nation, and the world.

The Provost serves as the Chief Executive Officer of OSU in the absence of the President. The Provost works closely with the Vice President for Finance and Administration in budget planning, fiscal accountability, and general policy development, with the Vice President for University Advancement in the planning of institutional advancement programs, and with the Vice President for Research to advance the university's research agenda and to bring a research experience to undergraduate and graduate education throughout the university. The Provost serves as liaison to the OSU Faculty Senate and is responsible for maintaining liaison relationships with academic officers of other universities within the Oregon University System, Oregon community colleges, and independent higher education institutions in Oregon and throughout the nation.

The Office of the Provost and Executive Vice President is responsible for leading implementation of the university's strategic plan. This process includes annually establishing implementation strategies in enhancing student success; increasing research and outreach; enhancing community and diversity; increasing resources; and tracking progress on those activities. The Annual Campus Report details strategies and their outcomes.

The Office of the Provost and Executive Vice President provides leadership and support to all of Oregon State University's academic colleges. This responsibility includes overseeing functions that enable success of the academic enterprise, including faculty and student services, information technology services, research and graduate program administration, and activities and initiatives for extension and distance and continuing education.

## 6.0 EVALUATION

### 6.01 EVALUATION

The stages of review and evaluation are as follows:

- a. Determination of Responsiveness:  
OSU will first review all Proposals to determine Responsiveness. Proposals that do not comply with the instructions or are incomplete may be deemed non-Responsive. Written notice will be sent to Proposers whose Proposal is deemed non-Responsive identifying the reason. A proposer has the right to appeal the decision pursuant to OAR 580-061-130(5)(a).

b. First Stage Evaluation:

Those Proposals determined to be Responsive will be evaluated using the required submittals. Proposals will be scored based on the evaluation criteria listed below in section 6.03. Scores will be used to determine Proposer's within a competitive range. The competitive range will be made of Proposers whose individual scores, when viewed together, form a group of the highest ranked Proposers above a natural break in the scores.

OSU may award after the first stage evaluation to the highest ranked Proposer without moving on to the second stage evaluation. If this option is selected, Written notice of intent to award the Contract to the highest ranked Proposer will be provided to all Responsive Proposers, or an award may be made directly without notice of intent in those instances of a single Responsive Proposer.

c. Second Stage Evaluation:

If award is not made after the first stage evaluation, OSU may choose any of the following methods in which to proceed:

- i. Issue a Written invitation to Proposers within the competitive range requesting an interview, presentation, site visit or any other evaluative method that is relevant to the goods or services solicited in the Request for Proposal. Written invitations will contain the evaluation criteria and scoring that will be used by the evaluation committee.
- ii. Engage in oral or Written discussions with and receive best and final Proposals from all Proposers in the Competitive Range or all Proposers submitting Responsive Proposals. Discussions may be conducted for the following purposes:
  - Informing Proposers of deficiencies in their initial Proposals;
  - Notifying Proposers of parts of their Proposals for which OSU would like additional information; or
  - Otherwise allowing Proposers to develop revised Proposals that will allow OSU to obtain the best Proposal based on the requirements set forth in this Request for Proposal.

The conditions, terms, or price of the Proposal may be altered or otherwise changed during the course of the discussions provided the changes are within the scope of the Request for Proposal. Best and final Proposals will be scored based on the evaluation criteria listed below in section 6.03.

Points awarded in the first stage evaluation will not be carried to the second stage evaluation. Contract will be awarded to the Proposer who in OSU's opinion, best meets the requirements and qualifications of the RFP and OSU's needs.

d. Additional Stages of Evaluation:

If after completion of the second stage of evaluation, an award is not made, OSU may add another stage of evaluation using any of the methods outlined in the second stage evaluation above.

6.02 EVALUATION CRITERIA

Points will be given in each criteria and a total score will be determined. The maximum points available for each criterion are identified below.

<u>Evaluation Criteria</u>	<u>Points</u>
Proposal relative to the <b>required</b> Scope of Work	30
Proposer's qualifications relative to the <b>minimum</b> qualifications	30
Proposer's qualifications relative to the <b>preferred</b> qualifications	20
Price of the goods or services	20
<b>Total</b>	<b>100</b>

### 6.03 NEGOTIATIONS

OSU may commence serial negotiations with the highest-ranked Proposer or commence simultaneous negotiations with all eligible Proposers. OSU may negotiate:

- a. The statement of work;
- b. The Contract price as it is affected by negotiating the statement of work; and
- c. Any other terms and conditions determined by OSU in its sole discretion to be reasonably related to those expressly authorized for negotiation. Accordingly, Proposers will not submit and OSU will not accept for negotiation, any alternative terms and conditions that are not reasonably related to those expressly authorized for negotiation.
