This contract will include work anticipated on an annual basis at one, all or none of the Research Forests for the remainder of calendar year 2018 and in subsequent calendar years through 2022.

Research Forests are located in the following counties:

- Benton County (McDonald, Dunn, Cameron, Spaulding & Marchel Forests)
- Polk County (Dunn Forest)
- Washington (Ruby P. Matteson Forest)
- Columbia (Blodgett Forest)
- Clackamas (Rams Dell Forest)

It is OSU's intention to award 2018 work (Scenarios 1 & 2) to a single Proposer with the option to contract and negotiate rates with the same Proposer for additional work in years 2019-2022 at a future date. All scenario maps for 2018 work are in Exhibit E.

Contract will be awarded to the successful Proposer providing the best overall price and proposal outlining prior work experience, references and a documented history working on complex projects including research, recreation and production based projects. Due to Contractors' personnel availability, or requested changes by OSU, some of the 2018 units may roll into calendar year 2019 if the schedule is impacted by forces outside of the control of OSU and the successful proposer (see Exhibit A, Section 7.L 'Force Majeure for more details). Notwithstanding the statement above, work must be completed for Scenario 1-2 no later than December 31, 2018.

2.02 BACKGROUND

5.02 REQUIRED SUBMITTALS

It is the Proposer's sole responsibility to submit information in fulfillment of the requirements of this Request for Proposal. If submittals are not substantially compliant in all material respects with the criteria outlined in the RFP, it will cause the Proposal to be deemed non-Responsive.

6.0 EVALUATION

6.01 EVALUATION

The stages of review and evaluation are as follows:

- a. Determination of Responsiveness:
 OSU will first review all Proposals to determine Responsiveness. Proposals that do not comply with the instructions, that are materially incomplete, that do not meet the minimum requirements, or that are submitted by Proposers who do not meet minimum qualifications may be deemed non-Responsive. Written notice will be sent to Proposers whose Proposal is deemed non-Responsive identifying the reason. A Proposer has the right to appeal the decision pursuant to OSU Standard 580-061-130(5).
- b. First Stage Evaluation:
 Those Proposals determined to be Responsive will be evaluated using the required submittals. Proposals will be scored based on the evaluation criteria listed below. Scores will be used to determine Proposers within a competitive range. The competitive range will be made of Proposers whose

individual scores, when viewed together, form a group of the highest ranked Proposers above a natural break in the scores.

OSU reserves the right to ask follow-up questions of Proposers during first stage evaluations. The questions will be for the purpose of clarification of information already contained in submittals and not be an opportunity to submit additional documentation or change existing documentation.

OSU may award after the first stage evaluation to the highest ranked Proposer without moving on to the second stage evaluation. If this option is selected, Written notice of intent to award the Contract to the highest ranked Proposer will be provided to all Responsive Proposers, or an award may be made directly without notice of intent in those instances of a single Responsive Proposer.

c. Second Stage Evaluation:

If award is not made after the first stage evaluation, OSU may choose any of the following methods in which to proceed:

- i. Issue a Written invitation to Proposers within the competitive range requesting an interview, presentation, site visit or any other evaluative method that is relevant to the goods or services solicited in the Request for Proposal. Written invitations will contain the evaluation criteria and scoring that will be used by the evaluation committee.
- ii. Engage in oral or Written discussions with and receive best and final Proposals from all Proposers in the Competitive Range or all Proposers submitting Responsive Proposals. Discussions may be conducted for the following purposes:
 - Informing Proposers of deficiencies in their initial Proposals;
 - Notifying Proposers of parts of their Proposals for which OSU would like additional information; or
 - Otherwise allowing Proposers to develop revised Proposals that will allow OSU to obtain the best Proposal based on the requirements set forth in this Request for Proposal.

The conditions, terms, or price of the Proposal may be altered or otherwise changed during the course of the discussions provided the changes are within the scope of the Request for Proposal. Best and final Proposals will be scored based on the evaluation criteria listed below.

Points awarded in the first stage evaluation will not be carried to the second stage evaluation. If a second stage evaluation of all Proposers does not produce an award that is in OSU's best interest, OSU may return to the first stage evaluation to advance additional Proposers to a second stage evaluation.

d. Additional Stages of Evaluation:

If after completion of the second stage of evaluation, an award is not made, OSU may add another stage of evaluation using any of the methods outlined in the second stage evaluation above.

6.02 EVALUATION CRITERIA

Points will be given in each criteria and a total score will be determined. The maximum points available for each criteria are identified below.

<u>Evaluation Criteria:</u>	<u>Points:</u>
1. Prior work experience	15
2. Research, recreation and production based projects	30
3. References	10
4. <u>Combined Pricing for Scenarios (1 & 2) Exhibit D</u>	<u>45</u>

Pricing

The Proposer who proposes the lowest total cost to OSU will receive the maximum amount of price points. Proposer's whose cost is higher than the lowest will receive a fewer number of price points in a relational (proportional) manner as described below.

Example of pricing point's calculation:

Proposer A's pricing is \$450 (the lowest)

Proposer A is awarded 45 price points (the maximum)

Proposer B's pricing is \$500

Proposer B is awarded 40.5 price points (450/500 x 45)

6.03 NEGOTIATIONS

OSU may commence serial negotiations with the highest ranked Proposer or commence simultaneous negotiations with all Responsive Proposers within the competitive range. OSU may negotiate:

- a. The statement of Work;
- b. The Contract price as it is affected by negotiating the statement of Work; and
- c. Any other terms and conditions as determined by OSU.

6.04 INVESTIGATION OF REFERENCES

OSU reserves the right to investigate and to consider the references and the past performance of any Proposer with respect to such things as its performance or provision of similar goods or services, compliance with specifications and contractual obligations, its lawful payment of suppliers, subcontractors, and workers. OSU retains the right to investigate any and all information, at its sole discretion, which OSU feels may clarify the ability of the Proposer's owners, employees and affiliates to successfully complete the solicited work in a safe and ethical manner. OSU may postpone the award or execution of the Contract after the announcement of the notice of intent to award in order to complete its investigation.

6.05 CONTRACT AWARD

Contract will be awarded to the Proposer who, in OSU's opinion, meets the requirements and qualifications of the RFP and whose Proposal is in the best interest of OSU. If a successful Contract cannot be completed after award, OSU may conclude contract negotiations, rescind its award to that Proposer, and return to the most recent RFP evaluation stage to negotiate with another Proposer(s) for award.

7.0 INSTRUCTIONS TO PROPOSERS

7.01 APPLICABLE STATUTES AND RULES

This Request for Proposal is subject to the applicable provisions and requirements of the Oregon Revised Statutes, Oregon Administrative Rules, and OSU Standards, Policies and Procedures.

7.02 COMMUNICATIONS DURING RFP PROCESS

In order to ensure a fair and competitive environment, direct communication between OSU employees other than the Administrative Contact or other PCMM representative and any party in a position to create an unfair advantage to Proposer or disadvantage to other Proposers with respect to the RFP process or the award of a Contract is strictly prohibited. This restricted period of communication begins on the issue date of the solicitation and for Proposer(s) not selected for award ends with the conclusion of the protest period identified in OSU Standard 580-061-0145(3) and for Proposers(s) selected for award ends with the contract execution. This restriction does not apply to communications to other OSU employees during a Pre-Proposal conference or other situation where the Administrative Contact has expressly authorized direct communications with other staff. A Proposer who intentionally violates this requirement of the RFP process or otherwise deliberately or unintentionally benefits from such a violation by another party may have its Proposal rejected due to failing to

comply with all prescribed solicitation procedures. The rules governing rejection of individual solicitation responses and potential appeals of such rejections are at OSU Standard 580-061-0130.

7.03 MANUFACTURER'S NAMES AND APPROVED EQUIVALENTS

Unless qualified by the provision "NO SUBSTITUTE" any manufacturers' names, trade name, brand names, information and catalogue numbers listed in a specification are for information and not intended to limit competition. Proposers may offer any brand for which they are an authorized representative, which meets or exceeds the specification for any item(s). If Proposals are based on equivalent products, indicate in the Proposal form the manufacturers' name and number. Proposers shall submit with their Proposal, sketches, and descriptive literature, and complete specifications. Reference to literature submitted with a previous Proposal will not satisfy this provision. Proposers shall also explain in detail the reason(s) why the proposed equivalent will meet the specifications and not be considered an exception thereto. Proposals that do not comply with these requirements are subject to rejection. Proposals lacking any written indication of intent to provide an alternate brand will be received and considered in complete compliance with the specification as listed in the RFP.

7.04 REQUESTS FOR CLARIFICATION OR CHANGE

Requests for clarification or change of the Request for Proposal must be in Writing and received by the Administrative Contact no later than the Deadline for Request for Clarification or Change as specified in the Schedule of Events. Such requests for clarification or change must include the reason for the Proposer's request. OSU will consider all timely requests and, if acceptable to OSU, amend the Request for Proposal by issuing an Addendum. Envelopes, e-mails or faxes containing requests must be clearly marked as a Request for Clarification or Change and include the RFP Number and Title.

7.05 ADDENDA

Only documents issued as Written Addenda by PCMM serve to change the Request for Proposal in any way. No other direction received by the Proposer, written or verbal, serves to change the Request for Proposal. Addenda will be publicized on the OSU procurement website. Proposers are advised to consult the OSU procurement website prior to submitting a Proposal in order to ensure that all relevant Addenda have been incorporated into the Proposal. Proposers are not required to submit Addenda with their Proposal. However, Proposers are responsible for obtaining and incorporating any changes made by Addenda into their Proposal. Failure to do so may make the Proposal non-Responsive, which in turn may cause the Proposal to be rejected.

7.06 PREPARATION AND SIGNATURE

All Required Submittals must be Written or prepared in ink and signed by electronic signature or in ink by an authorized representative with authority to bind the Proposer. Signature certifies that the Proposer has read, fully understands, and agrees to be bound by the Request for Proposal and all Exhibits and Addenda to the Request for Proposal.

7.07 PUBLIC RECORD

Upon completion of the Request for Proposal process, information in all Proposals will become subject records under the Oregon Public Records Law. Only those items considered a "trade secret" under ORS 192.501(2), may be exempt from disclosure. If a Proposal contains what the Proposer considers a "trade secret" the Proposer must mark each trade secret as such. Only bona fide trade secrets may be exempt and only if public interest does not require disclosure.

7.08 SUBMISSION

Proposals must be received in the PCMM office no later than the Proposal Due Date and Time; it is the Proposer's responsibility to ensure that the Proposal is received by or not later than the Proposal Due Date and Time indicated in this RFP, regardless of the method used to submit the Proposal. Proposals may be submitted via the following method(s):

- 1) Electronic copy in PDF format included as attachment(s) in an e-mail sent to bids@oregonstate.edu. The e-mail subject line should contain the RFP No. and RFP title. Only those Proposals received at this e-mail address by the Due Date and Time will be considered Responsive; do not e-mail a copy of

the Proposal to any other e-mail address. Proposals submitted directly to the Administrative Contact e-mail address will NOT be considered Responsive. It is highly recommended that the Proposer confirms receipt of the email with the Administrative Contact noted above or by calling 541-737-4261. The Administrative Contact may open the e-mail to confirm receipt but will NOT verify the integrity of the attachment(s), answer questions related to the content of the Proposal, or address the overall Responsiveness of the Proposal.

- 2) Hard copy in a sealed package or envelope dropped off in person or delivered to the submittal location listed on the Request for Proposal cover sheet. The package or envelope should be addressed to the Administrative Contact. It is highly recommended that the Proposer confirms receipt of the Proposal with the Administrative Contact prior to the Proposal Due Date and Time.

All Proposals, including those submitted through electronic methods (if allowed), must contain Written signatures indicating intent to be bound by the offer. If the Proposer submits multiple versions of the Proposal via different methods and does not explicitly direct OSU as to which version to use, OSU will determine which version of the Proposal will be used for evaluation.

7.09 MODIFICATION

Prior to submittal, Proposers should initial modifications or erasures in ink by the person signing the Proposal. After submittal but prior to the Proposal Due Date and Time, Proposals may be modified by submitting a Written notice indicating the modifications and a statement that the modification amends and supersedes the prior Proposal. After the Proposal Due Date and Time, Proposers may not modify their Proposal.

7.10 WITHDRAWALS

A Proposer may withdraw their Proposal by submitting a Written notice to the Administrative Contact identified in this Request for Proposal prior to the Proposal Due Date and Time. The Written notice must be on the Proposer's letterhead and signed by an authorized representative of the Proposer. The Proposer, or authorized representative of the Proposer, may also withdraw their Proposal in person prior to the Proposal Due Date and Time, upon presentation of appropriate identification and evidence of authority to withdraw the Proposal satisfactory to OSU.

7.11 LATE SUBMITTALS

Proposals and Written notices of modification or withdrawal must be received no later than the Proposal Due Date and Time (in the case of electronic submissions, the time/date stamp of the email received at the PCMM office must be no later than the Proposal Due Date and Time). OSU may not accept or consider late Proposals, modifications, or withdrawals except as permitted in OSU Standard 580-061-0120. Sole responsibility rests with the Proposer to ensure OSU's receipt of its Proposal prior to the Proposal Due Date and Time. OSU shall not be responsible for any delays or mis-deliveries caused by common carriers or by transmission errors, malfunctions, or electronic delays. Any risks associated with physical delivery or electronic transmission of the Proposal are borne by the Proposer.

7.12 PROPOSAL OPENING

Proposals will be opened immediately following the Proposal Due Date and Time at the Submittal Location. Proposer may attend the Proposal opening. Only the names of the Proposers submitting Proposals will be announced. No other information regarding the content of the Proposals will be available.

7.13 PROPOSALS ARE OFFERS

The Proposal is the Proposer's offer to enter into a Contract pursuant to the terms and conditions specified in the Request for Proposal, its Exhibits, and Addenda. The offer is binding on the Proposer for one hundred twenty (120) days. OSU's award of the Contract constitutes acceptance of the offer and binds the Proposer. The Proposal must be a complete offer and fully Responsive to the Request for Proposal.

7.14 CONTINGENT PROPOSALS

Proposer shall not make its Proposal contingent upon OSU's acceptance of specifications or contract terms that conflict with or are in addition to those in the Request for Proposal, its Exhibits, or Addenda.

7.15 RIGHT TO REJECT

OSU may reject, in whole or in part, any Proposal not in compliance with the Request for Proposal, Exhibits, Addenda, or OSU Standards/Procurement and Contracting Code, if upon OSU's Written finding that it is in the public interest to do so. OSU may reject all Proposals for good cause, if upon OSU's Written finding that it is in the public interest to do so. Notification of rejection of all Proposals, along with the good cause justification and finding of public interest, will be sent to all who submitted a Proposal.

7.16 AWARDS

OSU reserves the right to make award(s) by individual item, group of items, all or none, or any combination thereof. OSU reserves the right to delete any item from the award when deemed to be in the best interest of OSU.

7.17 LEGAL REVIEW

Prior to execution of any Contract resulting from this Request for Proposal, the Contract may be reviewed by a qualified attorney for OSU pursuant to the applicable Oregon State University Standards, Oregon Revised Statutes and Oregon Administrative Rules. Legal review may result in changes to the terms and conditions specified in the Request for Proposal, Exhibits, and Addenda.

7.18 PROPOSAL RESULTS

A Written notice of intent to award will be issued to all Proposers except where there is only one Responsive Proposer. The Proposal file will be available for Proposer's review during the protest period at the PCMM Department. Proposers must make an appointment with the Administrative Contact to view the Proposal file. After the protest period, the file will be available by making a Public Records Request to OSU Office of General Counsel.

7.19 PROPOSAL PREPARATION COST

OSU is not liable for costs incurred by the Proposer during the Request for Proposal process.

7.20 PROPOSAL CANCELLATION

If a Request for Proposal is cancelled prior to the Proposal Due Date and Time, all Proposals that may have already been received will be returned to the Proposers. If a Request for Proposal is cancelled after the Proposal Due Date and Time or all Proposals are rejected, the Proposals received will be retained and become part of OSU's permanent Proposal file.

The protest must be clearly identified as a protest, identify the type and nature of the protest, and include the Request for Proposal number and title. The rules governing protests are at OSU Standard 580-061-0145.

2. STATEMENT OF WORK:

- A. **WORK TO BE DONE.** The pre-commercial thinning service required of CONTRACTOR consists of selecting leave trees and felling surplus trees according to the specifications listed below.
- B. **WORK AREAS.** There are two units containing 74 acres to be pre-commercially thinned on the Blodgett Forest Columbia County. The location of each unit is shown on the attached maps, which are available separately. Boundary trees are marked with blue flagging, and shall not be felled. Payment will be according to the acreage shown in Exhibit D. CONTRACTOR should adjust the rate for any apparent difference in acreage.
- C. **Adjustments in Acreage.** OREGON STATE UNIVERSITY reserves the right to reduce or to increase the acreage to be pre-commercially thinned by an amount that does not exceed five percent (5%) of the total acreage specified in the Request for Proposal. No increase or decrease under this section shall operate to change the unit price quote by CONTRACTOR, and OREGON STATE UNIVERSITY shall pay CONTRACTOR no more than the product of the unit price proposed by CONTRACTOR and the number of acres actually pre-commercially thinned by CONTRACTOR.
- D. In addition, OREGON STATE UNIVERSITY reserves the right to reduce the acreage by more than five percent (5%) if, in OREGON STATE UNIVERSITY's opinion, conditions exist which prohibit the proper treatment of an area.
- E. **WORK PERIOD.** After the Notice to Proceed is issued, either verbally or in writing by OREGON STATE UNIVERSITY, work shall commence within one (1) month, unless otherwise approved by OREGON STATE UNIVERSITY. CONTRACTOR shall schedule a pre-work meeting with OREGON STATE UNIVERSITY prior to the commencement of operations. CONTRACTOR shall notify Oregon State University Research Forests before the start of operations. CONTRACTOR shall submit a work schedule to OREGON STATE UNIVERSITY for approval prior to beginning of work. Work shall not commence until OREGON STATE UNIVERSITY has approved the work schedule, then shall be continuous, unless weather conditions or circumstances beyond CONTRACTOR's control prevent working. Deviation from the approved work schedule must be approved by OREGON STATE UNIVERSITY.
- F. In any case, all work for Scenarios 1-2 shall be completed no later than December 31, 2018. OREGON STATE UNIVERSITY, by written notice to CONTRACTOR, may extend the date of completion if weather or other conditions justify such action.
- G. **WORK CREWS.** Workers shall be organized into crews of not more than fifteen (15) nor less than eight (8) persons, with an experienced non-thinning foreman in charge of each crew. CONTRACTOR shall not change the number or size of crews, unless approved by Oregon State University. Foreman shall be designated by CONTRACTOR and shall work as foreman for the duration of the contract, unless otherwise approved by Oregon State University.
- H. **STOCKING.** The number of leave trees per acre must fall between the maximum (max) and minimum (min) listed in Table 1. Spacing between any two leave trees shall be no less than one-half (1/2) of the desired average spacing.

- J. **CUTTING.** Stems will be cut within 12 inches of the surface of the ground, or if there are live limbs below 12 inches, below the lowest live limb. Maximum stump height will be 12 inches. Conifers larger than 8

inches dbh will not be cut. Trees must be severed completely from the stump and no live limbs should be left on the stump. Felled trees shall not be left hanging or leaning against live trees.

K. **DESIRED LEAVE TREE.** The desired leave tree is one with the most leader growth, the dominant tree in the stand, with no damage to the trunk, and at least 1/3 live crown. All diseased, defective, (badly rotted, scarred, visibly damaged, crooked stem, bent stem, dead top, broken top, or multiple tops), or damaged trees will be cut. This includes bear, porcupine, deer, elk, and boomer damaged trees.

L. **HARDWOOD STANDS.** Areas with pure hardwood stands shall be pre-commercially thinned the same as conifer stands. Hardwood stands with an under story of conifers will be treated like pure hardwood stands if the conifers are less than one-half (1/2) the height of the hardwoods and exhibit signs of severe suppression. These signs include: poor height/diameter ratio, sparse crowns, and a trend of decreasing leader growth.

M. **PENALTIES.** If there is flagrant chopping, cutting, girdling, or damage of the wrong seedlings, saplings, or trees, a charge of \$25.00 per tree will be charged for trees less than eight inches dbh, and \$100/per MBF Scribner for trees greater than eight inches.

N. MATERIALS AND SERVICES FURNISHED BY OREGON STATE UNIVERSITY
