AGREEMENT

1. INCORPORATION OF TERMS AND DOCUMENTS

Contractor agrees to provide abatement and related services (“Work”) to Owner in accordance with this Contract; the General Conditions for Master Contracts for Construction Related Services, Oregon State University, dated November 1, 2018 (the “General Conditions”), included as Exhibit 1, and with the Supplemental General Conditions, included as Exhibit 2, both attached hereto and incorporated herein by these references. Capitalized terms not otherwise defined in this Contract shall have the meanings ascribed to them in the General Conditions.

2. WORK

Owner may request Work of Contractor pursuant to Contract Documents for specific construction activity (each, a “Work Unit”) throughout the Term (as defined below) of the Contract. Upon receipt of such a request (each such request, a “Request”), Contractor may respond to the Request for specific Work, as defined in the Request. Contractor’s response shall state fixed-price or a maximum not-to-

exceed price for the Work, in accordance with the Request, this Contract and the conditions of the Work Unit.

Upon Owner's election to award a Work Unit to Contractor, the scope and cost of the Work with regard to each such specific Work Unit will be specified in an Owner issued purchase order substantially similar to the purchase order attached as Exhibit 3, the printed terms of which are hereby incorporated by reference. Each purchase order when signed by the Owner, creates a binding obligation between the parties (a "Purchase Order") and a Notice to Proceed may be issued. From time to time, Owner and Contractor may elect to modify the scope of work of a Purchase Order by way of a change order to the Purchase Order. Each such modification to a Purchase Order is a "Change Order" when signed by the Owner.

The type of work anticipated under this Contract may include, but are not limited to, the following: abatement and related services for various projects on the campus of the Owner generally including asbestos containing material abatement, lead paint removal, mold removal, removal of non-asbestos containing material, and animal excretion removal.

Contractor's Work shall comply with the Contract Documents and Applicable Laws and shall be performed in accordance with the professional skill, care, and standards of other professionals performing similar work under similar conditions.

3. OWNER DOES NOT GUARANTEE THAT WORK WILL BE REQUESTED

Contractor acknowledges and agrees that, until execution of a Purchase Order requiring abatement or related activities, Owner does not represent or warrant that any Work will be requested or authorized under this Contract. No Work shall be undertaken by Contractor pursuant to this Contract without a fully executed Purchase Order, detailing the specific Work associated with a Work Unit. Owner is not obligated to make payments to Contractor for any Work performed without a fully executed Purchase Order.

4. COMPENSATION

Owner agrees to compensate Contractor for Work performed in accordance with the Purchase Order and Contract Documents. If Contractor is to be compensated on a time and materials basis, Contractor shall provide Owner with a listing of wage rates, material unit costs, and overhead charges for the Work Unit in Contractor's response to Owner's Request for Work.

Contractor's hourly rates are indicated in Exhibit 4 and include all labor costs associated to perform abatement and related services generally described in this Contract.

Pursuant to ORS 305.385 and OAR 150-305-100 and as a condition precedent to Owner's obligation to make any payment due Contractor under this Contract, Contractor shall provide Owner with its Social Security or federal employer identification number, as applicable.
