## **2.0 INTRODUCTION AND BACKGROUND**

### 2.01 INTRODUCTION

Oregon State University ("OSU") is seeking responsive responsible Proposers to provide a 20 year Indefeasible Right to Use (IRU) for four dedicated strands of single mode fiber (two pair) providing the necessary bandwidth required to meet instruction, research, outreach mission and serve local communities in the vicinity of OSU's Columbia Basin Agricultural Research Center in Adams, Oregon. OSU is only

interested in an IRU through existing dark fiber and does not anticipate reaching the final destination point. OSU will issue a subsequent Invitation to Bid for construction of fiber between the successful Proposers end-point the final destination point. OSU will not consider other offers (e.g., lit service or yet to be installed dark fiber.)

## 2.02 BACKGROUND

The Oregon Fiber Partnership (OFP), a collaborative effort of Oregon State University, the state's major public research universities and state government, has taken a key step to develop a statewide, high-speed optical network. OFP purchased optical fiber lines to support the network in fall of 2019. The network will serve the state's universities engaged in research, education, health care and community services along with government sectors by providing broadband connectivity that is faster, more secure, more resilient to natural or human-caused disasters and ultimately less expensive because of the project's large scale and shared network facilities.

OFP brings together the Office of the State Chief Information Officer, Oregon State University, the University of Oregon, Oregon Health & Science University and Portland State University. The new network will enhance the services currently being provided by NERO to higher education institutions, school districts, local and state government agencies and non-profit groups. In addition, much of the traffic for the respective statewide backbone networks of Oregon state government, Oregon Health & Science University and Oregon State University in time will migrate to this new network platform.

This Request for Proposal is looking to connect the optical fiber purchased by OFP to OSU's Columbia Basin Agricultural Research Center in Adams, Oregon.

## 2.03 OREGON STATE UNIVERSITY

Founded in 1868, Oregon State University is a comprehensive, research-extensive, public university located in Corvallis. Oregon State is one of only two American universities to hold the Land Grant, Sea Grant, Space Grant and Sun Grant designations. Oregon State is also the only Oregon institution to have earned both Carnegie Foundation classifications for Highest Research Activity and Community Engagement, a recognition of the depth and quality of its graduate education and research programs.

Through its centers, institutes, Extension offices and Experiment Stations, Oregon State has a presence in all of Oregon's 36 counties, including its main campus in Corvallis, the Hatfield Marine Sciences Center in Newport and OSU-Cascades Campus in Bend. Oregon State offers undergraduate, master's and doctoral degrees through 11 academic colleges, the Honors College, Graduate School and online Ecampus, enrolling more than 31,000 students from every county in Oregon, every state in the country and more than 110 nations.

# **3.0 SCOPE OF WORK**

## 3.01 SCOPE OF WORK

Proposer will provide a 20 year Indefeasible Right to Use (IRU) for four dedicated strands of single mode fiber (two pair) between the source site and a site as close to possible to the final destination site identified below.

Source Site:  
InterMountain ESD  
2001 SW Nye Ave  
Pendleton, OR 97801

Final Destination Site:  
Columbia Basin Agricultural Research Center  
48037 Tubbs Ranch Road  
Adams, Oregon 97810

Fiber will be used to connect OSU and affiliated sites to a Link Oregon managed point-of-presence (POP) for network connectivity. OSU is only interested in IRUs only with direct access to existing dark fiber at this time. OSU will not consider other offers (e.g., lit service or yet to be installed dark fiber.)

This local loop interconnect and equipment operation will need to be made available and support commercial, 99.99% availability standards. Fiber will also need to be in good repair, operated and maintained in accordance with normal commercial standards. Contractor's fiber will meet carrier-grade standards.

#### ADDITIONAL OPTION: Maintenance Strands

OSU may require Contractor to provide periodic access to an additional two dedicated strands of single mode fiber (a single pair) for maintenance purposes. OSU will provide a minimum of 6 weeks' notice to Contractor of the need for the fiber and coordinate schedules for usage with the Contractor during a maintenance period.

## 6.0 EVALUATION

### 6.01 EVALUATION

The stages of review and evaluation are as follows:

a. Determination of Responsiveness:

OSU will first review all Proposals to determine Responsiveness. Proposals that do not comply with the instructions, that are materially incomplete, that do not meet the minimum requirements, or that are submitted by Proposers who does not meet minimum qualifications may be deemed non-Responsive. Written notice will be sent to Proposers whose Proposal is deemed non-Responsive identifying the reason. A Proposer has the right to appeal the decision pursuant to OSU Standard 03-015, section 5.20.

b. First Stage Evaluation:

Those Proposals determined to be Responsive will be evaluated using the required submittals. Proposals will be scored based on the evaluation criteria listed below. Scores will be used to determine Proposers within a competitive range. The competitive range will be made of Proposers whose individual scores, when viewed together, form a group of the highest ranked Proposers above a natural break in the scores.

OSU reserves the right to ask follow-up questions of Proposers during first stage evaluations. The questions will be for the purpose of clarification of information already contained in submittals and not be an opportunity to submit additional documentation or change existing documentation.

OSU may award after the first stage evaluation to the highest ranked Proposer without moving on to the second stage evaluation. If this option is selected, Written notice of intent to award the Contract to the highest ranked Proposer will be provided to all Responsive Proposers, or an award may be made directly without notice of intent in those instances of a single Responsive Proposer.

c. Second Stage Evaluation:

If award is not made after the first stage evaluation, OSU may choose any of the following methods in which to proceed:

- i. Issue a Written invitation to Proposers within the competitive range requesting an interview, presentation, site visit or any other evaluative method that is relevant to the goods or services solicited in the Request for Proposal. Written invitations will contain the evaluation criteria and scoring that will be used by the evaluation committee.
- ii. Engage in oral or Written discussions with and receive best and final Proposals from all Proposers in the Competitive Range or all Proposers submitting Responsive Proposals. Discussions may be conducted for the following purposes:
  - Informing Proposers of deficiencies in their initial Proposals;
  - Notifying Proposers of parts of their Proposals for which OSU would like additional information; or
  - Otherwise allowing Proposers to develop revised Proposals that will allow OSU to obtain the best Proposal based on the requirements set forth in this Request for Proposal.

The conditions, terms, or price of the Proposal may be altered or otherwise changed during the course of the discussions provided the changes are within the scope of the Request for Proposal. Best and final Proposals will be scored based on the evaluation criteria listed below.

Points awarded in the first stage evaluation will not be carried to the second stage evaluation. If a second stage evaluation of all Proposers does not produce an award that is in OSU's best interest, OSU may return to the first stage evaluation to advance additional Proposers to a second stage evaluation.

d. **Additional Stages of Evaluation:**

If after completion of the second stage of evaluation, an award is not made, OSU may add another stage of evaluation using any of the methods outlined in the second stage evaluation above.

**6.02 EVALUATION CRITERIA**

Points will be given in each criteria and a total score will be determined. The maximum points available for each criterion are identified below.

<u>Evaluation Criteria</u>	<u>Points</u>
Proposal relative to the Scope of Work	50
Price based on 20 year total cost of ownership	50
<b>Total</b>	<b>100</b>

**6.03 NEGOTIATIONS**

OSU may commence serial negotiations with the highest ranked Proposer or commence simultaneous negotiations with all Responsive Proposers within the competitive range. OSU may negotiate:

- a. The statement of Work;
- b. The Contract price as it is affected by negotiating the statement of Work; and
- c. Any other terms and conditions as determined by OSU.

**6.04 INVESTIGATION OF REFERENCES**

OSU reserves the right to investigate and to consider the references and the past performance of any Proposer with respect to such things as its performance or provision of similar goods or services, compliance with specifications and contractual obligations, and its lawful payment of suppliers, subcontractors, and workers. OSU may postpone the award or execution of the Contract after the announcement of the notice of intent to award in order to complete its investigation.

**6.05 CONTRACT AWARD**

Contract will be awarded to the Proposer who, in OSU's opinion, meets the requirements and qualifications of the RFP and whose Proposal is in the best interest of OSU. If a successful Contract cannot be completed after award, OSU may conclude contract negotiations, rescind its award to that Proposer, and return to the most recent RFP evaluation stage to negotiate with another Proposer(s) for award.

**7.0 INSTRUCTIONS TO PROPOSERS**

**7.01 APPLICABLE STATUTES AND RULES**

This Request for Proposal is subject to the applicable provisions and requirements of the Oregon Revised Statutes, Oregon Administrative Rules, and OSU Policies and Procedures.

**7.02 COMMUNICATIONS DURING RFP PROCESS**

In order to ensure a fair and competitive environment, direct communication between OSU employees other than the Administrative Contact or other PCMM representative and any party in a position to create an unfair advantage to Proposer or disadvantage to other Proposers with respect to the RFP process or the award of a Contract is strictly prohibited. This restricted period of communication begins on the issue date of the solicitation and for Proposer(s) not selected for award ends with the conclusion of the protest period identified in OSU Standard 03-015, section 5.20 and for Proposers(s) selected for award ends with the contract execution. This restriction does not apply to communications to other OSU employees during a Pre-Proposal conference or other situation where the Administrative Contact has expressly authorized direct communications with other staff. A Proposer who intentionally violates this requirement of the RFP process or otherwise deliberately or unintentionally benefits from such a violation by another party may have its Proposal rejected due to failing to comply with all prescribed solicitation procedures. The rules governing rejection of individual solicitation responses and potential appeals of such rejections are at OSU Standard 03-015, section 5.16 and 5.20.

### 7.03 MANUFACTURER'S NAMES AND APPROVED EQUIVALENTS

Unless qualified by the provision "NO SUBSTITUTE" any manufacturers' names, trade name, brand names, information and/or catalogue numbers listed in a specification are for information and not intended to limit competition. Proposers may offer any brand for which they are an authorized representative, which meets or exceeds the specification for any item(s). If Proposals are based on equivalent products, indicate in the Proposal form the manufacturers' name and number. Proposers shall submit with their Proposal, sketches, and descriptive literature, and/or complete specifications. Reference to literature submitted with a previous Proposal will not satisfy this provision. Proposers shall also explain in detail the reason(s) why the proposed equivalent will meet the specifications and not be considered an exception thereto. Proposals that do not comply with these requirements are subject to rejection. Proposals lacking any written indication of intent to provide an alternate brand will be received and considered in complete compliance with the specification as listed in the RFP.

### 7.04 REQUESTS FOR CLARIFICATION OR CHANGE

Requests for clarification or change of the Request for Proposal must be in Writing and received by the Administrative Contact no later than the Deadline for Request for Clarification or Change as specified in the Schedule of Events. Such requests for clarification or change must include the reason for the Proposer's request. OSU will consider all timely requests and, if acceptable to OSU, amend the Request for Proposal by issuing an Addendum. Envelopes, e-mails or faxes containing requests must be clearly marked as a Request for Clarification or Change and include the RFP Number and Title.

### 7.05 ADDENDA

Only documents issued as Written Addenda by PCMM serve to change the Request for Proposal in any way. No other direction received by the Proposer, written or verbal, serves to change the Request for Proposal. Addenda will be publicized on the OSU procurement website. Proposers are advised to consult the OSU procurement website prior to submitting a Proposal in order to ensure that all relevant Addenda have been incorporated into the Proposal. Proposers are not required to submit Addenda with their Proposal. However, Proposers are responsible for obtaining and incorporating any changes made by Addenda into their Proposal. Failure to do so may make the Proposal non-Responsive, which in turn may cause the Proposal to be rejected.

### 7.06 PREPARATION AND SIGNATURE

All Required Submittals must be Written or prepared in ink and signed by an authorized representative with authority to bind the Proposer. Signature certifies that the Proposer has read, fully understands, and agrees to be bound by the Request for Proposal and all Exhibits and Addenda to the Request for Proposal.

Only bona fide trade secrets may be exempt and only if public interest does not require disclosure.

Proposals must be received in the PCMM office no later than the Proposal Due Date and Time; it is the Proposer's responsibility to ensure that the Proposal is received prior to the Proposal Due Date and Time indicated in this RFP, regardless of the method used to submit the Proposal.
