Subject: Public Notice for RFP #2021-003847 'Subsea Power Cable Manufacture, Delivery, and Installation: PacWave South'

This letter serves as public notice that Request for Proposals #2021-003847 evaluations period is now extended for a period of up to 60 days from the date of issuance of this letter. Proposing firms in the current Competitive Range will remain under evaluation. A letter of non-award has been issued to non-competitive firms.

The extended evaluation period is due to the particular complexity of the procurement in determining schedule and cost of the overall construction of PacWave South, as well as compliance reviews by the U.S. Department of Energy.

A Notice of Intent to Award has not been issued at this time.

OSU reserves the right to extend or resume the evaluation process at any point during the 60-day period without notice.

If a top-ranked apparent successful Proposer is identified for an award, the Notice of Intent to Award will be posted to OSU Bid Opportunities website (<https://bid.oregonstate.edu/>) and that firm will be notified by email at the time of that posting.

OSU reserves the right to cancel the solicitation, including the Notice of Intent to Award at any time prior to the execution of a written contract. Any Proposer who responded to the solicitation and claims to have been aggrieved by an award decision shall have the opportunity to submit an appeal of contract award decision according to OSU Standard (https://policy.oregonstate.edu/UPSM/03-015_procurement_solicitations_contracts) within seven days after a Notice of Intent to Award is posted.

Appeals shall be sent to the Construction Contracts Administration Manager, Hanna Emerson, hanna.emerson@oregonstate.edu, 644 SW 13th St., Corvallis, Oregon 97333. The written appeal, submitted via hard copy or email must be received by **5:00 p.m. Pacific Time within seven days of the posting of any Notice of Intent to Award.**

We thank you all for your participation in this formal procurement process for the PacWave Project.
