Questions/Clarifications

Item 1

Question: I'd like to get a clarification on the comment regarding a contractor assisting with the cost estimation not being allowed to submit a bid for the project. When we've done this in the past, the contractor has been allowed to submit a bid if their work product (cost estimating scope) is complete by the time of bidding. Can you confirm that this will not be allowed on this particular project?

Answer: In this case, a Contractor assisting with the cost estimation will be allowed to submit a bid for the project.
