CAUTION
THIS DRAWING IS GENERAL IN NATURE AND IS FOR REFERENCE ONLY

Field Verification NOTE:
Preference in accuracy was given to the interior room areas and shapes, not the thickness of walls or structural features. This may have an effect on OSU planners , PMs, CMs, outside contractors, or others who might use the drawing as a guide for projecting required material, open penetration areas, or other regular information taken from CAD drawings. This is a Legacy issue that is nearly impossible to fix at this point of the buildings life especially as it is occupied.
